

Happy New Year! We want to humbly thank every person who contributed to the Panama City Rescue Mission in 2020. This was far from a typical year. Amongst the challenges that COVID-19 brought to our organization, we also suffered a fire that caused extensive damage to our Men's Facility. We have been operating solely from our Women's and Children's Facility. These challenges are in addition to the ongoing recovery of major damages caused by Hurricane Michael.

Although we faced *tremendous* obstacles this year, we had great success in starting our new **Life Transformation Program**. By using a client-specific individualized roadmap and disciplined process implementation in the four key areas of Relationships, Health, Economics, and Housing, life transforming outcomes are achieved with the assistance of strategic professional service provider partnerships.

We recently received our first court-ordered client into our new Program. She completed and graduated our intensive 12-week Program in December. Already a Christian, she has deepened her faith in God and can now apply biblical principles to her everyday life in-order to transform her way of thinking. See Crystal's story attached.

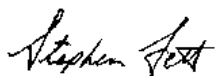

We are now partnering with **Life Management of Northwest Florida**. With this partnership every client is receiving the assistance needed for both their physical and mental well-being. We have seen amazing results in our clients through this partnership.

Through **God's** almighty power, **know** that greater things are coming for Panama City Rescue Mission.
